

A K

Hello  
My name is Alyssa Klein  
digital artist | designer | jet-setter

Contact:  
ark326@drexel.edu  
akleindesign.com

I am a versatile design student merging design, visual art, & biological sciences. Coining my studies "Intelligent Human Design", I like to think of myself as the missing link between art & science.

## EDUCATION

### École Supérieure du Commerce Extérieur

International Area Studies | Paris, France  
Accepted via Drexel's competitive exchange program  
Concentrated on international business & marketing

### Drexel University

B.S. in Custom Design | Philadelphia, PA  
Minors: Biology, Digital Media, French, Product Design  
Honors, iStar Scholar, Biological Honor Society

### Dreyfoos High School of the Arts

Visual Arts | West Palm Beach, FL  
Trained in the arts for seven years, taking college-level academic courses & playing varsity sports

## DESIGN COURSEWORK

- Digital Design Tools
- Computer Graphics Imagery I, II
- Overview of Computer Gaming
- Design I, II, III
- Applied Human Centered Design
- Web Authoring I, II
- Advanced Prototyping
- Product Design Form & Process Studio

## OTHER COURSEWORK

- French I - VIII
- Chronoengineering
- International Marketing & Economics
- Entrepreneurship
- Molecular Biology
- Human Anatomy and Vertebrates

## EXPERIENCE

### Webjunto

Web and Mobile Development Boutique | Philadelphia, PA  
Conducted UX research for clients: competitor analysis, wire frames, user flows personas.  
Collaborated on building a mini-game from idea to app-store deployment.  
Individually hand-coded current portfolio website.

### The BioFactory

Biomedical Technology Incubator | Singapore  
Aided the interface design, prototyping, & testing of programmable medical devices.  
Head of graphic design for all products: packaging, advertising, web and GUI design.

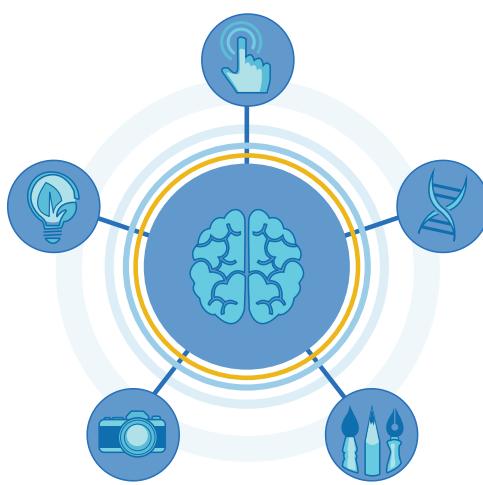

### Drexel iStar Scholar Research Program

Ecology Research Assistant | Monte Verde, Costa Rica  
Worked with Prof. Sean O'Donnell on birds, wasps & army ants regarding climate change.  
Identified 70+ species of birds attending army ant raids; collected data & samples.

## SOFTWARE SKILLS

Microsoft Office, Adobe CC, Maya,  
Github, Sketchbook Pro, Wix,  
Sublime Text 2, social media, HTML  
& CSS

## ARTISTIC SKILLS

Digital & film photography, graphic design, digital art, product design,  
3D modeling, game design, website design, app design, painting,  
sketching, prototyping, laser cut,  
woodshop, face & body art
